What's it all about, #UNGA?

(c) Andrea Bonime-Blanc. 2023.

Hello Friends,

Fresh off of a whirlwind week in New York City as UNGA (the UN General Assembly) and ClimateWeek - and a million and one UNGA/ClimateWeek ecosystem events - come to a hurried, intense and challenging close.

Hurried, because there wasn't enough time. Intense, because the topics and the barriers and the opportunities are overwhelming. Challenging, because so many questions - and so many dire needs - remain unanswered.

It is easy to feel overwhelmed and powerless but we must focus on what we can do. One thing is super-clear: there are many people and many organizations of good will who are doing and want to do what is needed to save life on earth. So let's keep pushing, smartly and

intensely.

Here are a few ways in which I am trying to make a difference - think about how you too are already making a difference and/or can make a bigger difference:

- ***SDG#9 - Industry, Innovation & Infrastructure***: I've authored a new piece for Illuminem on "[Deploying SDG9 Despite the Headwinds: A Leadership Blueprint](#)". The picture is not pretty but we can make a difference. [Check it out here](#).
- ***SDG#1 - No Poverty***: Earlier this year, I coauthored a piece for Diplomatic Courier on "[Turbocharging Impact Through Governance and Trust](#)" with my friend Jose Javier "Jay" Guadalupe, Integrity & ESG Head for the [Platform on Social Impact](#). The Platform focuses like a laser beam on eradicating childhood poverty in Puerto Rico as well as several other key related SDGs.
- ***SDG#16 - Peace, Justice and Strong Institutions*** - I am proud to be a member of the [UN Global Compact Think Lab on Transformational Governance](#) - we met this week once again to focus on helping organizations institute transformational governance in our turbulent times - i.e., expanding the "G" in ESG though "transformational governance".

In other news: I am partnering once again for the [3rd Annual Corporate Excellence - Centre for Reputation Leadership/GEC Risk Online Live Digital Course](#) on Transforming ESGT Strategic Risk into Opportunity. The course starts on October 5 and runs for 5 weeks - if you are a Spanish speaker and would like to join us, please do!

Here's to a productive and focused beginning to the fall in the Northern Hemisphere and start to the spring in the Southern Hemisphere!

Keep making a difference!
